Falun Dafa has improved the morality of millions of people worldwide and has enabled them to become healthy and happy. It has drawn the attention and support of people from all walks of life around the world. Before July 1999, the Chinese government thought highly of Falun Dafa and recommended it to the public because of its health benefits, which helped reduce national healthcare costs. On December 27, 1993, the China People's Hero Foundation, affiliated with the Public Security Bureau, awarded Mr. Li a special honor. At the Beijing Oriental Health Expo in 1993, Mr. Li won the highest award of the Expo — "The Award for Advancing Frontier Science" — and also the "Special Golden Award." Mr. Li Hongzhi was also honored with the title of "The Qigong Master Most Acclaimed by the Masses."

Overseas, Mr. Li has received official recognition in many countries. In North America alone, Falun Dafa and Mr. Li have received over 850 proclamations. As the Mayor of Houston, Texas, wrote in his proclamation: *"Falun Dafa transcends cultural and racial boundaries. It resonates the universal truth to every corner of the earth and bridges the gap between east and west. Mr. Li has worked tirelessly to convey Falun Dafa from China to the rest of the world. Along the way, he has touched the lives of countless people in many countries, earning an acclaimed international reputation."*
